Dr. Goslinoski stated that in all, there were approximately forty-one (41) incised and stab wounds to the decedent. Dr. Goslinoski also advised that some of the stab wounds on the decedent's face and the front of her neck could have been caused by a pair of scissors. felt that the decedent was ripping him off for his settlement money and because the decedent was messing around with her old boyfriend. We reported that the defendant told IT this many times and that as recently as just after Thanksgiving of this year and prior to her being murdered that the defendant told IT that, "I'm going to kill that bitch".

During the course of this investigation, your Affiant learned through computer checks that the defendant was arrested on July 01, 2005, in Baltimore, Maryland for First Degree Murder in which the defendant stabbed and killed a victim with a pair of scissors. In January of 2006, the defendant pled guilty to Manslaughter and was sentenced to eight (08) years in prison. Your Affiant spoke to the lead Homicide Detective in this murder investigation and he confirmed the above facts.

During the course of this investigation, your Affiant learned that the decedent was scheduled to work on Saturday, December 03, 2011, from 1000-1500 hours at her first job and she was scheduled to work at 1700 hours at her second job. The decedent never made it to either of her places of employment on Saturday, December 03, 2011.

Based on the above stated facts and circumstances, your Affiant believes probable cause exists that the above named defendant, JOHN WILLIAM SMITH JR., B/M, DOB 04/17/1965, committed the offense of Second Degree Murder While Armed on or about Friday, December 02, 2011 to Sunday, December 04, 2011, which resulted in the death of the decedent, Elaine Coleman. As a result, your Affiant respectfully requests that a D.C. Superior Court Arrest Warrant be issued for the defendant, JOHN WILLIAM SMITH JR., charging him with First Degree Murder While Armed.
